## DEBATE IN CONGRESS

Cuba in the Senate and Forest Reservation in the House.

### POSTAL DELEGATES RECEIVED.

Postmaster General Gary Entertains Representatives to the International Congress—American Protective Association. Gomez's Letters Sent to the Senate. Other Washington News.

WASHINGTON, May 12.—The Cuban question occupied the entire attention of the senate yesterday the debate taking a wide range and at times becoming spirited when comparisons were made between the attitude of the former administration and the present one on the subject of Cuba. Senators Morrill of Vermont and Caffery of Louisiana spoke in opposition to the resolution, Senators Lodge of Massachusetts and Foraker of Ohio, advocated deferring the question until further information could be secured from the state department and Senators Mills of Texas and Allen of Nebraska, urged the immediate passage of the resolutions. The debate went over for the day. During the day Senator Kyle (Pop. S. D.) rising to a question of privilege disclaimed having sought committee places from Republican senators. A partial conference report on the Indian appropriation bill was agreed to.

The consideration of the senate amendments to the sundry civil appropriation bill was finished by the house yesterday and the bill sent to a conference. President Cleveland's forest reservation order was the subject of much debate and the house voted not to concur in the senate amendment to annul the order, with the understanding that the conferees should arrange an amendment which would have the same effect. The debate was participated in almost exclusively by western members, who pointed out the injury to present settlers that would result if President Cleveland's orders should become operative. A number of amendments were offered but withdrawn.

The house voted to concur in the senate amendment appropriating \$50,000 to improve Pearl harbor in the Hawaiian islands by a vote of 85 to 53.

### TENDERED A RECEPTION.

Postmaster General Entertains Delegates to the Postal Congress.

WASHINGTON, May 12.—Postmaster General Gary gave a reception last night to the delegates to the international postal congress in the spacious halls of the old Corcoran art gallery, where the meetings of the congress are held. It was the first official function tendered the delegates since their arrival in the city and the entire personnel of the congress took advantage of the opportunity to socially meet officials of the postoffice department and the American delegates.

The visitors appeared in their full court dress and insignia which gave the occasion the appearance of a diplomatic reception at the white house. The postmaster general was assisted by Mrs. Gary, several of their daughters and Assistant Postmaster Generals Heath, Shellenberger and Merritt and wives. General Batcherfield, the president of the congress, made the presentations. After the reception the delegates were entertained at a banquet spread in one of the rooms of the building. About 140 guests in all were present, the affair being limited to the delegates of the congress. Music was furnished by the marine band under the direction of Prof. Faucett.

### Annual Meeting of the Supreme Council in Washington.

WASHINGTON, May 12.—The annual meeting of the supreme council of the American Protective Association began in this city yesterday. Supreme President John Echols in the chair. There was a good attendance of delegates from all sections of the country and many more arrived today. There were two meetings of the council devoted entirely to business of a preliminary character. During the afternoon session the time was mainly consumed in listening to impromptu speeches by delegates, all of which were very encouraging and showed a satisfactory increase in membership in all parts of the country. The representative from Pennsylvania reported an increase of 41 councils organized in the past six months, while from Oregon there was a gain of 67 councils in 12 months.

### G. A. R. ENCAMPMENT.

Richmond Entertaining the Largest Crowd Ever Within Her Borders.

RICHMOND, Ind., May 12.—The 18th annual state encampment of the G. A. R. convened at Phillips Operahouse at 10 o'clock this morning, with Department Commander Caylor presiding.

An hour before the W. R. C. had convened at Grace M. E. church, with Mrs. Mary A. Sims, department president in the chair. The ladies of the G. A. R. met in the Pythian temple, Department President Mrs. Toby presiding.

All the business meetings were adjourned at 11:30 o'clock in order to take part in the great parade.

Richmond is entertaining one of the largest crowds that ever came together within her borders, and the reception committee is doing everything in its power to make the Old Boys in Blue and their many visiting friends feel at home. The city is gaily decorated in red, white and blue, there not being a solitary building from Fourth street to Twentieth, along Main street, that is not covered with bunting.

The great parade moved according to programme at 1:30 from the corner of Main and Fourth streets, led by Governor Mount and his staff in bright new uniforms. The line of march being east on Main to Sixteenth street, north to A street, west to Tenth street, south to Main street (passing reviewed stand at Hotel Westcott), west to Fifth street.

There were at least 4,000 old soldiers in line and, with colors flying and bands playing, they made a scene seldom if ever witnessed here. The parade was over an hour passing the reviewing stand.

After the parade the different organizations again convened in business session.

Four campfires will be held tonight at which the stories of the war will be retold.

I. N. Walker, past commander, is here and will be presented a handsome silver service in token of respects for his unselfish devotion to the interest of the G. A. R.

## WAR NEARLY ENDED

Germany Joins the Powers in Seeking to Restore Peace.

### ADDRESS TO THE GREEK TROOPS

Crown Prince Appeals to His Army to Prevent the Further Advance of the Enemy Into Greek Territory—Will be No Holy War—Turks Preparing to Meet a Greater Force.

ATHENS, May 12.—Peace negotiations commenced Monday, as told in these dispatches, were continued yesterday. All of the officials of the foreign office were up all night in anticipation of the action of the German minister, who, yesterday sent his secretary to inform the Greek foreign office that he had received instructions to join in the representations of the powers and then proffer mediation. As soon as the reply of Greece to the note of the powers was handed to the representative of the powers the latter telegraphed the Greek decision to the representatives of the powers at Constantinople with the request that they obtain an armistice with the view of arranging for permanent peace.

There is a sense of relief in Athens at the prospect of an immediate end to the calamitous war. There is no excitement and no popular demonstration is anticipated. The government has notified the Greek army of the mediation of the powers. It is the belief here that the war is ended, although there may be some fighting before an armistice can be arranged.

### MOBILIZING ANOTHER ARMY.

Turkey Thought to Be Preparing to Meet a Stronger Force.

LONDON, May 12.—A dispatch to the Standard from Constantinople says: "It is reported that orders have been sent out for the mobilization of the Fifth and Sixth army corps reserves stationed at Bagdad and in Syria and for the immediate despatch of 50 battalions to Koniah from which point they will be taken to Ismed, in Asia Minor."

These preparations which involve an expense that Turkey is quite unable to bear cannot be required against Greece, and they express an anxiety as indicating that Turkey is preparing either to confront a more formidable foe or to place herself in such a strong position that she will be able to ignore the powers' plan of mediation.

Three staff officers have been sent to the depots of the Fourth army corps at Erzerum and Erzingen to report whether there is a sufficient supply of arms and equipments to mobilize the reserves of that corps. Six officers of the Turkish troops stationed at Janina, together with the commanders at Larissa, Philippa and other stations have arrived here in chains. They will be tried for neglect of duty in face of the enemy.

### HAS'N'T HEARD THE NEWS.

Crown Prince Issues an Address to His Troops at Domokos.

DOMOKOS, May 12.—Crown Prince Constantine has issued the following address to the troops here:

SOLDIERS—The Greek army retires to Domokos because our positions at Pharsalos were not strong enough against an enemy greatly superior in numbers. But the positions you occupy here are so strong that our army may be considered invincible. I am confident that you will be able not only to repulse with success every attack of the enemy, but that you will shortly be able to take the offensive and compel him to abandon Greek territory.

Remember, you defend the sacred soil of the fatherland and the honor of the king and nation. The enemy must not be allowed to make a further step into Greece. I know you have suffered and are still suffering many privations after having been obliged to fight so many days, but we must endure the privations patiently, confident that we are doing our duty to our fatherland.

CONSTANTINE.

The Greek commissariat has collapsed.

To climb that frightful mountain peak, the mother-in-law, a tourist has to hire a regular licensed guide who has spent a life-time in making ascents of this particular mountain. Without him, the authorities will not permit the ascent. It would be suicide. But when a woman who suffers from some disease or weakness of her dress risks her life by consulting an incompetent, uneducated person, there is no authority to prevent it except the authority of common sense.

The derangements to which women's delicate and intricate organism is subject can only be safely prescribed for by an educated, experienced physician. Dr. R. V. Pierce, chief consulting physician of the "Invalids' Hotel and Surgical Institute," Buffalo, N. Y., has given a life-time to this study. No physician living has a wider practical experience or greater eminence as a specialist in women's diseases. His Favorite Prescription is the most perfect cure for these troubles ever invented. It is the only remedy which reaches and removes the internal source of the difficulty in the true, natural and scientific way.

Any woman consulting Dr. Pierce, either personally or by letter, will receive, free of charge, the professional advice of a skilled specialist. No mere nurse, however excellent she may be as a nurse, has the knowledge or skill to prescribe remedies for complicated diseases, and no sensible woman will risk her life with so unsafe a guide.

Women will find the most valuable knowledge about their own physical being in Dr. Pierce's "The People's Common Sense Medical Adviser." It will be sent, paper-bound, absolutely free, on receipt of 21 one-cent stamps, to pay the cost of mailing only. Address: Dr. R. V. Pierce, Chief Consulting Physician of the "Invalids' Hotel and Surgical Institute," Buffalo, N. Y. If a French cloth-bound, embossed binding is desired, send to cents extra (thirty-one cents in all), to pay the extra cost of this more handsome and substantial binding.

F., May 12.—The French fishing schooner St. Clair arrived at St. Pierre yesterday bringing 32 men, comprising the crew of the French bark St. Jean, which collided on the grand banks on May 6 with the Norwegian bark Loining, during a dense fog. The St. Jean leaked so badly that the crew took to the boats and the vessel sank four hours later. The St. Clair picked the crew up the next morning. The Norwegian vessel was even more damaged than the St. Jean and it is feared that she sank shortly after the accident. It is not known whether the crew escaped.

### COMPANY LOSSES.

Supreme Court Rules Against a Railroad in Overissue of Stock.

COLUMBUS, O., May 12.—The supreme court of Ohio yesterday decided in favor of the bank in the case of the Cincinnati, New Orleans and Texas Pacific railway against the Citizens' National bank of Cincinnati in a matter of overissue of stock to the extent of 400 shares by George F. Doughty, deceased, who was secretary of the company prior to the date of his death in 1882. These fraudulent shares fell into the hands of the bank and the railroad company is now judicially required to stand the loss. The capital stock of the company was \$3,000,000 in 30,000 shares of \$100 each. After Doughty's death, the overissue coming to light, some of the holders, the evidence showed, had made inquiry of the president, Theodore Cook, who said the bonds were all right. Other holders had taken Doughty's word that the issue was all right.

## FLAG FIRED ON AT SEA.

Nicaraguan Warship Fires on the American Steamer Rover.

CHICAGO, May 12.—A special to The Chronicle from New Orleans says: The steamer Rover, plying between this port and the ports of Spanish Honduras, was fired on by a Nicaraguan man-of-war May 6 while four miles from port Cortez and narrowly escaped being hit amidships.

The Rover, which came in last night, brought the information that it was rumored in Ormae and other government points that the American consul at Port Cortez, Mr. Alger, had been shot, but no particulars were obtained.

The fact that his flags were not flying when the Rover left the port is taken as an indication that this is really so, and that possibly Port Cortez has passed into the hands of the government, although it is said that the revolutionists at that place are principally Americans and Englishmen, well armed and vastly superior to the forces of the Honduran government.

General J. P. Reyes, the Nicaraguan officer, who fired on the Rover, boarded the vessel and demanded her papers, which were given to him. He then searched the vessel and apparently finding everything to his satisfaction gave Captain Reed a permit to load fruit at coast ports.

Captain Reed protested earnestly to Reyes against the firing upon the Rover when she carried the American flag at her masthead, and was told by the general that he ought to consider himself lucky that he (Reyes) did not sink the Rover, and that he (Reed) could protest as much as he liked, it made no difference to him, as the American consul, Mr. Alger, was the head of the revolution at Port Cortez.

Is the battle for freedom it seems that Crete has lost.

The G. A. R. men at Richmond this week have possession of that Quaker city.

The heavy rain yesterday was unfortunate for the G. A. R. decorations at Richmond.

BRYAN is nothing if not an agitator. As such he is making not only a good living, but getting wealthy mightily fast.

The Sultan of Turkey is very modest in his demands. He is only asking for the Greek navy and a few millions in money. This is enough, however, to make other powers the least bit suspicious.

Much good should result from the conference of health officers at Indianapolis. The rapid tendency is towards better sanitation throughout the state. Health officers, especially in the cities are enforcing the sanitary laws better than ever before.

A TRUSTEE of De Pauw university very truthfully remarks that "if the non state schools keep up their constant efforts toward higher standards, they will continue to attract students and the people will in time realize the fact that the expenditure of money wrung from them by taxation is not necessary for the development of higher education."

There are now in the city twelve Mormon elders. They are trying to establish a colony in this county in the faith of the later day saints, so it is said. There is always somebody to be humbugged on all subjects. Those who are interested in Mormonism should read the work of Joseph Musser, ex-priest of the reorganized church of later day saints.—Columbus Star.

A MERCHANT in Ohio has invented a device to measure dry goods without unrolling the fabrics. By its use a stock which by the old way took three weeks to invoice, may be footed up in a day. Anything that will lighten the job of stock-taking is a boon to the trade, but as an exchange remarks, the best way to lighten stock-taking is to lighten the stocks, and the best way to lighten the stocks is to advertise in a live newspaper like the REPUBLICAN.

POLITICAL BREVITIES.

Albion W. Tourgee is to be consul at Bordeaux, France.

James E. Robinson, of Lafayette, has been chosen assistant factory inspector.

Farmer Claude Matthews is a friend to Senator Turpie whose seat in the senate he would like to occupy.

The candidacies of J. King of the "push" Allen Clark and "Anything-to-be-in-the-push" John Overmyer are full of blow-holes.—Columbus R-publican.

There is a great stir among fourth district democrats about a successor to Mr. Holman. And after all their trouble, he may be a good republican.—Rushville Republican.

There are some Jackson county democrats who advocate that Jason B. Brown will be strictly in the push before the congressional fight in the fourth district is at end. Just keep your eye on the the ex-congressman.

## CENTRAL STATE NEWS.

The mayor of Fort Wayne says there will be no Sunday baseball in that city.

Some mischief maker tapped the fire alarm wires at New Albany, Ind., and caused great commotion in the police and fire departments. A reward of \$50 is offered for the perpetrator.

STOLE A STEAMBOAT.

Young Man Going to New Orleans in Trouble.

LOUISVILLE, Ky., May 12.—James Barto, a youth, claiming Philadelphia as his home, will be tried here tomorrow on a charge of stealing a steamboat. Barto went to the wharf and took possession of the pleasure steamer Ann T. the property of S. D. Burford. He raised steam and started down the river alone.

Barto, however, was unfamiliar with the danger of the falls, and on seeing the perilous direction the boat was taking the watchman at the lifesaving station sounded the alarm. A life boat was soon on its way to the launch, but before the crew could reach it the steamer struck the dam and rolled over. The boat righted itself, and was fast drifting to the swift water below.

Barto was rescued and the pleasure steamer landed below the dam. Barto was then turned over to the police. He said it was his intention to take the boat to New Orleans, but knew nothing of the falls onto which he was rapidly drifting.

Trial of the Ramsey Bank Cashier.

Bagpipes in New Guinea.

Mr. Angus MacKenzie, an old miner well known as a prospector in northern Queensland, Australia, recently arrived from New Guinea with a large quantity of gold and thinks there is a great advantage in being a Scotchman. When he left for New Guinea, he took bagpipes with him, and to their agency he attributes much of the luck which fell to his lot while prospecting for gold. He said that the natives would do anything for him, providing he played the pipes to them at night. They looked after him and his effects and acted as porters without other pay than the music of the pipes. They took him over new country and showed him where heavy gold could be obtained. It is possible that intending prospectors in New Guinea might lay out their money to worse advantage than in the purchase of bagpipes. In any case, Mr. MacKenzie regards the pipes as the best and most judicious investment he ever made.—New York Sun.

The Best Remedy for Rheumatism.

From the Fairhaven, N. Y., Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. ## DEFIED HIS CAPTORS

Tramp Laughs at a Crowd's Threat to Hang Him.

## TENDENCIES OF CANNIBALISM

Assistant Factory Inspector Appointed.

Poisoned by Canned Tomatoes—Cyclone Visits Petersburg—Paid \$64,000 Back Taxes—Will Bore For Natural Gas, Stonecutter Seriously Hurt.

MISHAWAKA, Ind., May 12.—A tramp named Lewis was taken from here to South Bend yesterday in irons for safe keeping. Last week he was arrested for complicity in a robbery here but was acquitted. Late Monday night he accosted Peter Drroll on the street and asked him for a cigarette clipper. Upon being refused he drew a revolver and fired point blank at Drroll's head, clipping the hair. He then threw his revolver away and ran, pursued by a large number of citizens with revolvers, shot-guns and clubs. When overtaken he was cried of "Bring a rope!" "Hang him!" but Lewis laughed at them and told them they were too cowardly to hang anybody. His bravado undoubtedly saved his life.

LIKE A CANNIBAL.

Four-Year-Old Boy Left With a Baby Bites Off Its Toes.

JEROME, Ind., May 12.—Dean Milton of this place was visited by Mr. and Mrs. Hoback of Kokomo and their 4-year-old son. Mr. Milton's 6-month-old child and the Hoback boy were left alone for a few minutes, when the screams of the infant attracted the attention of its parents. Upon entering the room they found the Hoback boy covered with blood, while the baby was torn and bleeding, the boy having bitten off one of the toes of the baby and nearly severed the second. The baby's body also showed marks of the boy's teeth in several places. What caused the attack on the little one is not known.

Thomas' Resignation Asked.

EVANSVILLE, Ind., May 12.—The new board of Southern Indiana Insane hospital trustees at a meeting last night requested Superintendent A. J. Thomas to hand in his resignation at the next meeting. Governor Mount anticipated this action some time ago in an interview. Dr. Thomas is a Democrat and a big fight has been made on him. No successor has been chosen.

Assistant Factory Inspector.

INDIANAPOLIS, May 12.—Factory Inspector McCabe yesterday appointed James E. Robinson of Lafayette as his assistant. The salary is \$1,000 a year. The assistant will look after the routine work of the office and Mr. McCabe will devote his time to traveling among the factories of the state. Mr. Robinson is a printer and an old soldier, now employed on the Lafayette Courier.

Desperado Sentenced.

WASHINGTON, Ind., May 12.—John Slatten, a young desperado who fought with officers in the streets of this city recently, was yesterday found guilty of assault and battery with intent to kill and sentenced to the reformatory under the new law. It is Slatten's second trip to Jeffersonville.

Without Police or Fire Department.

CRAWFORDSVILLE, Ind., May 12.—This city is without a police force, fire department and employees at the electric light plant. The city council met and declared all appointive offices vacant, and then, owing to a tie vote, adjourned without filling the vacancies. There is much indignation.

Terre Haute Horse Sale.

TERRE HAUTE, Ind., May 12.—The opening day of the A. T. Jackson & Co., horse sale was marked by a fair attendance and spirited bidding, particularly from eastern men. The big sales of the day were Choral, 2,083; 2,114; for \$1,250.

Indiana Congregationalists.

KOKOMO, Ind., May 12.—The 39th annual session of the Indiana Congregational church commenced here yesterday. Indications are that there will be nearly 500 ministers and visitors in attendance. Rev. Washington Gladden of Columbus, O., delivered an address last evening.

Poisoned by Canned Tomatoes.

FARMLAND, Ind., May 12.—The entire family of Ex-Auditor Albert Canfield were seriously poisoned by eating canned tomatoes, which had become tainted by contact with the tin of the can. Mr. and Mrs. Canfield are still sick, but their son who was also affected is convalescent.

Will Bore For Natural Gas.

MONROVIA, Ind., May 12.—The citizens of this place have contributed \$2,000 and organized a stock company to bore for gas. Experts say the rock strata here strongly indicates gas and for sometime gas has been escaping from a number of driven wells in the neighborhood.

Paid \$64,000 Back Taxes.

INDIANAPOLIS, May 12.—The express companies have settled with the state by paying in \$64,000 back taxes, interest and penalties. The attorney general is engaged in apportioning the money to the counties, and the distribution will be made in a few days.

Petersburg in Total Darkness.

PETERSBURG, Ind., May 12.—A cyclone passed over this city late yesterday. It carried away the roof and partially demolished the smokestack of a electric light plant. The city was in total darkness last night. The loss to the company will reach over \$1,000.

Stonecutter Seriously Hurt.

HOLTON, Ind., May 12.—J. J. Thayer of Markle, O., a stonecutter, while walking along the platform at Summums, a small station near here, was struck by a mail sack thrown from the fast mail and seriously hurt.

Advocates Home Investments. EDITOR: REPUBLICAN. We find in this morning's Indianapolis papers a statement concerning the Mutual Life Insurance Co. of Indianapolis which went into the hands of a receiver recently.

The affairs of the company were fully discussed at the meeting of the policy holders held in Indianapolis yesterday afternoon. Those from here who attended the meeting venture the opinion that the company, in order to induce people to put their money into their hands, held out larger inducements than prudence would warrant and the officers of the company took care of No. 1 first.

This should be a warning to those of us who have small savings to invest as well as to those who have large amounts to invest. To make these investments at home. There are opportunities right here in this county to invest every available dollar safely and profitably at all times. L.

From a high officer of a Cincinnati railroad, it is learned that the differences between Traffic Manager Randolph and General Passenger Agent Chesbrough have been adjusted, and the latter will continue with the Baltimore & Ohio Southwestern. There is no question that Mr. Chesbrough was to resign. He understood it as well as any one. D. B. Martin, passenger traffic manager of the Baltimore & Ohio is a lifelong friend of Mr. Chesbrough and as soon as he was appointed he interested himself in bringing about a settlement. It is said that it was through Mr. Martin's offices with Oscar Murray that the result was reached. Indianapolis News.

SECOND HEAT.

The Bicycle Contest Between Kercheske and Hodapp and Kauffman Continued.

The bicycle contest began Monday night as the Wheelery was continued another hour last night. Hodapp and Kaufman who are riding against Kercheske are keeping up their speed well. They went into the contest last night with determination and worked hard against their competitor. Kercheske is in good training and rides through the hour without any difficulty whatever.

At the end of the first fifteen minutes Hodapp and Kaufman's cyclometer marked 5 15-16 miles and Kercheske's 6 1.

At the end of the half hour Hodapp and Kaufman's cyclometer marked 12 1/2 miles and Kercheske's 12 1/2.

When forty-five minutes were up Hodapp and Kaufman had covered 18 1/2 miles and Kercheske 18 1/2 miles.

At the end of the hour Hodapp and Kaufman's cyclometer registered 24 1/2 miles and Kercheske's 24 1/2 miles making the latter the winner by one-eighth of a mile.

They will ride another hour tonight.

When bilious or constive, eat a Casca ret, candy cathartic, cure guaranteed 10c., 25c.

Every body should take an interest in the Big Sixth bicycle races. There is no reason why Seymour should not have a large number of expert riders here that day, and have such races as will draw a big crowd of people. Seymour has taken pride in the celebration of the Big Sixth in past years and will certainly do so this year.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents.

### John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

### HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stands limen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is a convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

H. C. Dannettell is well satisfied with his sale of live stock last Saturday, as all he put up for sale brought very good prices. But Mr. Dannettell has a reputation as a breeder of nothing but first class stock for which there is always a ready market. It pays to raise good stock.

Advocate Home Investments.

EDUCATED REPUBLICAN: We find in this morning's Indianapolis papers a statement concerning the Mutual Life Insurance Co., of Indianapolis which went into the hands of a receiver recently.

The affairs of the company were fully discussed at the meeting of the policy holders held in Indianapolis yesterday afternoon. Those from here who attended the meeting venture the opinion that the company, in order to induce people to put their money into their hands, held out larger inducements than prudence would warrant and the officers of the company took care of No. 1 first.

This should be a warning to those of us who have small savings to invest as well as to those who have large amounts to invest, to make these investments at home. There are opportunities right here in this county to invest every available dollar safely and profitably at all times.

Conductor W. D. Brown went last night to Louisville to run local freight trains on the B. & O. S. W. branch.

The B. & O. is raised ten inches with gravel to Shields and from there to Mitchell it will be raised with crushed stone as soon as crushers can be had.

From a high officer of a Cincinnati railroad, it is learned that the differences between Traffic Manager Randolph and General Passenger Agent Chesbrough have been adjusted, and the latter will continue with the Baltimore & Ohio Southwestern. There is no question that Mr. Chesbrough was to resign. He understood it as well as any one. D. B. Martin, passenger traffic manager of the Baltimore & Ohio is a lifelong friend of Mr. Chesbrough and as soon as he was appointed he interested himself in bringing about a settlement. It is said that it was through Mr. Martin's offices with Oscar Murray that the result was reached.—Indianapolis News.

SECOND HEAT.

The Bicycle Contest Between Kercheske and Hodapp and Kauffman Continued.

The bicycle contest begun Monday night as the Wheelery was continued another hour last night. Hodapp and Kaufman who are riding against Kercheske are keeping up their speed well. They went into the contest last night with determination and worked hard against their competitor. Kercheske is in good training and rides through the hour without any difficulty whatever.

At the end of the first fifteen minutes Hodapp and Kaufman's cyclometer marked 5 15-16 miles and Kercheske's 6 1/2.

At the end of the half hour Hodapp and Kaufman's cyclometer marked 12 1/2 miles and Kercheske's 12 1/2.

When forty-five minutes were up Hodapp and Kaufman had covered 18 1/2 miles and Kercheske 18 1/2 miles.

At the end of the hour Hodapp and Kaufman's cyclometer registered 24 1/2 miles and Kercheske's 24 1/2 miles, making the latter the winner by one-eighth of a mile.

They will ride another hour tonight.

When bilious or costive, eat a Cascaret, candy cathartic, cure guaranteed 10c., 25c.

Every body should take an interest in the Big Sixth bicycle races. There is no reason why Seymour should not have a large number of expert riders here that day, and have such races as will draw a big crowd of people. Seymour has taken pride in the celebration of the Big Sixth in past years and will certainly do so this year.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, shames the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents.

Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

According to the newspapers, an Ohio husband became the happy father of seven children not long ago. Of the seven all lived but one. It is to be hoped he laid in a supply of Chamberlain's Cough Remedy, the only sure cure for croup, whooping cough, colds and coughs, and so insured his children against these diseases. For sale at C. W. Milhous druggist.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. ## Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, consumption, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Wm. F. Peter's drug store.

## HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is a convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, will relieve every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

Everybody says so.

Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. today; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.
